THE STUDENT ASSOCIATION

The present Student Association was organized in 1922 on a plan presented to the school by the principal, Mr. Royal B. Farnum. While it is not precisely a student government, the Association has many of the functions of such an organization and is an integral factor in student life. It is primarily an agency for the promotion and supervision of social life and extra-curricular activities, and it has sole control of the financial affairs involved in student enterprises.

The political structure of the Association consists of two inter-related units: the Council of the whole and the Advisory Board. The Council of the whole is the entire membership of the Association, which includes every student in the school. The legislative power is vested in this Council, and it must pass on all amendments to the Association's constitution and may make decisions on important questions affecting the policy of the Association. The executive power is possessed by the Advisory Board. This Board includes the Association officers, the class presidents, the heads of the various student organizations, and a faculty committee. It has the general direction of all student activities.

One of the most important duties of the Association is the administration of finances

for the various school organizations. The funds received annually from the collection of membership fees are budgeted among the different classes and clubs. Each organization is credited with a specified sum and its expenses are paid from this amount by the Association treasurer as requested by the organization's treasurer. This method centralizes responsibility and simplifies business relations between school organizations and outside concerns.

A supply store is maintained at the school where students may buy art materials that have the approval of the faculty. All prices are lower than the prevailing cost outside the school.

The store is a student activity. Students act as clerks, the manager is also a student. The profits from the students' purchases are returned to the students through scholarships, student aid loans, and grants of money to provide cultural opportunities for the student body.

APPRECIATION OF MUSIC

Whether or not you know every flat, sharp, and opus number of the classics, you can enjoy the Music Appreciation Club, an organization the purpose of which is to stimulate the love of good music through an understanding of the composers and their works.

Music is an aesthetic and cultural force that is an important factor in our lives. It has developed so many forms and has so many avenues of expression for our varied moods, emotions, and aspirations that no one master is supreme in all, so we have a varied record library from which we play selections intended to suit all tastes.

M. S. A. CREED

I believe in Art as a great uplifting force to humanity and as a medium through which the finest human emotions are expressed. As a student of Art, I have faith in Art and in its universal appeal to mankind. I will try, in my study of Art, to spread a love for truth and beauty so that others may know and experience for themselves this creative force in their lives.

The artist, in order to achieve, must master not only his technique, but must also express order, harmony, and loyalty. These qualities I realize I must develop in my school years if I would be equipped for my life work.

This is my school. So that it may offer to all equal opportunity and freedom for creative work.

I will keep its rules.

I will uphold its standards and support its policies.

I will promote and protect its ideals.

I will be loyal to my own talent and to the talents of my fellow students.

ALMA MATER

School of Art, thy sons and daughters
Gathering now, from far and near,
Render thus with song of gladness
Tribute to thy name most dear.
Hopeful! joyous! we assemble
Seeking Truth as our reward.
Thou dost mark each hidden talent,
Nurture well each gift of God.

Here 'mid sweet association
We have sought to understand
Beauty's place in God's creation
Nature's choicest gift to man.
Errant brush and faltering pencil
Trained, will lead to richer life;
Character, like clay, is moulded
Only thus through wholesome strife.

Daughter, loved of State and Nation,
May our faith in thee abide.
May thy noble inspiration
Be for evermore our guide.
Till we bear thy precious story
O'er our land from East to West
Consecrating to thy glory
Heart and hand in Service blest.
